---

Myra

Attached are my projections for the rest of this FY for Falcon. I am not sure when we will be able to sample at this time, it is dependent on getting pipeline funds placed on my Task Order. Please note that there is not Special Account funding available for the project. Please call me if you need any additional information. I will not be able to go over these projections with the contractor until I have additional funding placed on the Task Order which I expect any day.

Thanks
